

The Fanny Dwight Clark Memorial Garden, Inc. at Clark Botanic Garden

Fall into the Garden

Fourth and Fifth Grade Students

An exciting new program begins this fall, 2024! Students in fourth and fifth grade will enjoy a two-part program. "Fall into the Garden" gives children the opportunity to tour Clark Botanic Garden led by a New York State Certified teacher. Supplied with a pair of binoculars students will discover a world of forestry in the autumn. Additionally, students will observe and participate in the process of propagation with a hands-on activity. All children will take home the specimen of their propagation investigation!

Lesson aligned with the New York State Science Learning Standards

Life Science 3.B: Variation of Traits - Individuals of the same kind of plant or animal are recognizable as similar but can also vary in many ways.

Spring to the Garden

Kindergarten through Third Grade

"Spring in the Garden" is a new educational program now available at Clark Botanic Garden! Children kindergarten through third grade will enjoy a two-part program instructed by New York State Certified teachers. While touring the garden students will demonstrate an understanding of trees, and learn to identify deciduous trees and conifers. Students will also participate in a hands-on activity which includes a take home terrarium!

Lesson aligned with the New York State Science Learning Standards

Life Science 1.A: Structure and Function - Plants have different parts (roots, stems, leaves, flowers, fruits) that help them survive and grow.

Class held rain or shine!

Class size is limited to 23 students, the fee per class is \$350.
